

Introducing...
Tom Householder
Class of 1980
Hall of Fame, 2011

Tom Householder is a special inductee to the Powell High School Dreams Foundation Hall of Fame first for his commitment to Powell High School and the support he has provided along with Home Depot. Tom has provided shelving systems, lumber for school projects, landscaping materials, paint supplies, fans when air conditioning failed, and even display items that were able to be used for school needs. He is a strong sports fan and has provided water for the football team from time to time.

His support of PHS continued with membership in the Foundation and the donations provided for the renovation of the first major project undertaken. The completion of the changes for the staff work area would not have taken place so quickly without his help and contributions.

His family members are Panthers as well. As one of seven siblings in his family, he and the other six are all Powell High School graduates. And the Panther pattern continues with his daughter who is a junior at Powell High School.

Tom is the store manager of Home Depot on Clinton Pike, responsible for all store operations including profit and loss and expense control, safety compliance, merchandising, purchasing and inventory control, loss prevention, human resources, recruiting and hiring, payroll, and overseeing all daily duties as needed.

Tom received the honor of Best Performing Store for his prior work with Ingles Markets in 1994. He also is a member of the Powell Jaycees and the CTE Foundation which focuses on Career, Technology, and Education. He also is supporting the renovation of the Airplane Filling Station, a historical building.

Tom is very sorry that he is unable to attend our gala. He is in Nashville for a family engagement—his daughter, the junior at PHS—made all-state singers and is performing at Ryman Stadium at the time of our gala. He sends his regards and feels highly honored to be chosen with this inaugural panel of prominent Powell alumni classmates. He thanks Home Depot for the opportunity to give back to the community!

Tom, we salute you and your life contributions!
